1.5 Tickets are sent via KU-registered email or placed on vehicles at time of issuance. Parking & Transit is not responsible for emails not read by recipient or tickets removed from vehicles thereafter. If a ticket is issued to a student, FERPA prohibits us from discussing the situation with anyone other than the student. Tickets issued to non-students may not be discussed with anyone other than the person cited.

2. VISITOR PARKING

2.0 Visitors are considered to be persons (other than current and recent students, staff and faculty) who occasionally visit the campus for pleasure, conferences, or business. Spaces that are designated by “Visitor Parking” or “Guest Only” signs are not to be used by faculty, staff, or students. Any person operating a vehicle registered to a current university student or employee is not eligible for visitor status.

2.1 Access to central campus is very limited. Visitors may park in the Allen Fieldhouse Garage on Irving Hill Road, or in the Mississippi Street Garage north of the Kansas Union (see map), for $1.75 first hour and $1.50 per each additional hour. Visitor permits/e-permits are available for a few parking lots where a parking garage is not within a reasonable distance of visitor’s destination, and are valid in regular permit stalls or long-term parking meters within the color zone indicated. Several metered and pay-by-phone parking areas are specifically available for the convenience of visitors, including lots 90, 94, 301 and 302.

Once parked, visitors may use any bus to get around campus, which is a fare free zone. Bus stops can be found in or near most parking lots; routes and schedules are online at www.lawrencetransit.org.

2.2 Visitors are required to observe all University of Kansas parking regulations and to park in designated visitor or metered parking areas. If parked at a meter, all visitors must pay the prescribed fee. Parking tickets are assessed against a vehicle, not the vehicle operator.

2.3 Visitor permits/e-permits may be purchased by individuals or departments. Faculty, staff and students are not eligible to use daily visitor permits purchased by departments. In order to be credited for unused visitor permits, departments must return permits on or before the day permits are valid. Digital visitor visitor permits will not be credited.

Hooded meter requests must be submitted at least two (2) business days prior to the date needed. Requests made less than two (2) days in advance will be invoiced at double the daily rate. Unused permits for hooded meters will not be credited. Send email to eventparking@ku.edu to order permits.

3. ACCESSIBLE PARKING

3.0 An official state-issued ADA license plate or placard is required and must be displayed to park in accessible and limited mobility parking spaces.

3.1 Placard/Tag Registration. Registration of official state-issued ADA placard or license tag with Parking & Transit is required. Owner agrees to follow rules for on campus usage.

3.2 Motor vehicles which bear an official state-issued ADA placard or license tag which are being operated by or used for the transportation of the registered owner, affiliated with KU, must also purchase a University of Kansas parking permit/e-permit.
4. STUDENT, FACULTY, AND STAFF PARKING

4.0 The University of Kansas maintains various types of parking facilities to meet the needs of faculty, staff, and students. These include regular permit lots, parking garages, and metered parking spaces. Some lots are controlled 24 hours per day (see section 7.1). Owning a parking permit/e-permit does not imply or guarantee a parking space at any particular time and parking privileges may be modified or preempted by the authority of the Chancellor of the university (see section 9). Since parking is limited, faculty, staff, and students should consider their needs carefully when applying for parking privileges.

The university assumes no responsibility for security of vehicles or their contents while moving or parked in any area subject to university jurisdiction.

4.1 Student. A person is considered a student when enrolled for at least one (1) hour of credit and not employed in a university staff or faculty position, as long as enrollment is intact (not withdrawn or canceled). Enrollment shall be considered official as of the first day of classes. Graduate assistants are students, not staff.

4.2 Faculty or Staff. A person holding a benefits-eligible appointment with the university shall be considered faculty in a teaching position, or staff if not in a teaching position; except graduate assistants (see 4.1).

4.3 Retiree. Any faculty or staff person who has retired from the University of Kansas, and has not returned to active employment on campus equal to or greater than 0.5 FTE.

4.4 Assignment of parking privileges. Faculty and staff shall normally be assigned red, blue, or gold parking permits. In general, the criterion for blue parking is total of age plus service in State of Kansas employment equaling at least 62, and for gold parking is age plus service equaling at least 70. For gold, the applicant’s primary office is in a building located along Jayhawk Boulevard. Students shall normally be assigned to yellow, park and ride, or university housing.

The Parking Commission has the right to alter or revoke parking assignments as the needs of the individual or the university community change. Zones near the campus shall not be assigned to solve problems such as work assignments or tight schedules. Falsification of any information for the purpose of obtaining a parking permit shall result in the forfeiture of all parking permits/e-permits and paid fees.

4.5 Appeal of parking assignment. Individuals who wish to appeal their parking assignments or who need special parking privileges should apply to the Parking Commission.

4.6 New employees of the university may, on presentation of a valid staff ID card, offer letter, or written verification by their department head or supervisor; purchase a parking permit/e-permit with cash, check, credit card, or payroll deduction (see section 6.4). Fees will be prorated throughout the year.

Temporary employees may, on presentation of written authorization by his or her department head or supervisor; purchase a temporary yellow or red permit/e-permit for the term of their appointment. Inquiries on this procedure should be directed to Parking & Transit.

5. PARKING PERMITS/E-PERMITS

Parking permits may be either physical permits or “e-permits” connected to the license plate(s) registered on parking assignee’s parking account. Permit enforcement shall be done primarily using license plate recognition software (LPR).

5.0 Parking assigns may purchase only one (1) permit per person, per academic year. Permits are not valid if not displayed, or if license plate is not visible from the nearest driving lane or was registered incorrectly. Upon payment of the scheduled fee, parking assigns must register their license plate(s) for e-permits. During times when the lots are being controlled, a parking permit or e-permit entitles the vehicle to park only in zones or lots designated by the permit with the exceptions noted in these regulations.

Ownership and use of parking permits are not transferable to any other person. Permits are not to be resold. No person may register a vehicle in his or her name which belongs to any other student, faculty, or staff member.

Any person giving false information when registering a vehicle is subject to appropriate disciplinary action and revocation of their parking permit/e-permit and related parking privileges.

Faculty and staff who share a vehicle where one is employed at the university, and the other at the medical center; must register at each campus if they intend to park at both campuses.

Faculty and staff whose dependents are students may allow those dependents to register one commonly operated vehicle for a student parking e-permit in addition to the employee’s parking e-permit. If the faculty or staff member has two vehicles registered, and if both vehicles are on the campus at the same time, the vehicle with the student e-permit must be parked in the designated student parking area and not in either the faculty or staff member’s zone or in the time limit areas on campus.

5.1 Annual parking permits/e-permits expire July 31. Parking must be renewed by August 1. Parking is color coded by zones or to particular lots.

5.2 Permit for alternate/temporary vehicle. If the primary registered vehicle is out of service, owner must register license plate of the alternate vehicle within one (1) hour of parking. If more than one registered vehicle is on campus at the same time, a ticket will be issued to the second vehicle (in order of being scanned by LPR system).

5.3 Sold or traded vehicles. When selling or trading a vehicle, license plate must be deactivated and new vehicle added to the system. If a new license plate is issued, it must be registered before it will be valid with existing e-permits.

5.4 Lost or stolen parking permits. The university cannot be responsible for lost or stolen permits. Stolen permits should be reported to the police immediately. Replacement permits can only be purchased after signing form at Parking & Transit for one-half of the prorated fee. Any vehicle displaying a lost, stolen, forged or altered permit is subject to criminal charges, a fine, towing at the owner’s expense, and loss of parking privileges. Fraudulent report will also result in fine and loss of parking privileges.

5.5 Revocation of parking privileges. Parking & Transit has a no tolerance policy on cheating. If you forge, alter, or steal any form of parking authorization, or use or display a permit that you have not purchased from the department, your parking privileges will be revoked for one (1) year, and a letter requesting disciplinary action will be sent to the Vice Provost for Student Success or Human Resources. This includes “passbacks” in the Allen Fieldhouse Garage or Mississippi Street Garage.

5.6 Classes of permits/e-permits. Subject to modification, the parking permit classifications and parking privileges are shown below. Permits are not valid in loading areas, reserved stalls, metered areas, accessible or limited mobility spaces without accompanying ADA placard, and fire lanes.

6.2 Medical permits will be sold at the gold temporary weekly rate, regardless of current permit/e-permit (see online fee schedule).

6.3 Refunds. Full refunds of fees paid for unused permits/cancelled e-permits will be made only if a written request for refund is made to Parking & Transit within ten (10) business days from the date of receipt. Partial refunds of annual permits/e-permits may be requested until the 20th day of the spring semester.

   Amount of refund will be calculated at the time permit is returned/e-permit is cancelled, is subject to a $5 administrative fee, and will first be applied to all outstanding charges at the university. Physical permit must be returned intact before a refund will be processed. Parking & Transit reserves the right to refuse any refund request.

6.4 Payment through payroll deduction. Faculty and staff with at least 0.5 FTE may choose the option of purchasing their parking permit through payroll deduction, except when in a temporary position. Once payroll deduction has been selected, it will be ongoing until employee makes a change or is terminated. If payroll deduction is terminated for continuing employees, it will not be restarted.

   E-permits will be cancelled upon termination of employment, and payroll deduction will end. There will be no refunds.

   New employees may select payroll deduction at any time, but we encourage them to do so during their first two weeks of employment. For requirements, contact Parking & Transit office.

7. CONTROL OF PARKING LOTS

7.0 Signs are posted at the entrance of each parking area giving the designation, hours the area is controlled, and the zone color. Vehicles may only park in areas designated for parking. Remember, if the sign does not say you can, then you cannot. Most parking lots are restricted year-round.

   During hours when an area is controlled, parking is restricted to vehicles with permits which authorize parking in that area or at paid meters. Reserved parking spaces are restricted according to the sign posted at each reserved parking space. No vehicle, with the exception of those displaying a valid accessible placard/tag or a paid visitor permit, may park free of charge at any meter.

7.1 Parking lots/zones. See table at right. Parking lots are not intended for long-term storage (see section 11.5).

7.2 Long term meters. Meters are available in limited locations on campus for time limits of 2 and 10 hours. Meter rates are $1.50 per hour, or $.75 per hour in lots 301 and 302. Long-term meters are enabled for use with Parkmobile and can be paid using a phone; follow instructions on meter label. The entirety of lots 94, 301, and 302 are also enabled for hourly parking via Parkmobile. Meters are enforced the same hours as the restrictions of the lot in which the meter is located, with the possibility of issuance of multiple tickets, once per hour.

7.3 Loading zone meters. All loading zone meters are for short-term use only, for 20 or 40 minutes with the possibility of issuance of multiple tickets every 20 or 40 minutes. Short-term meters may not be used for multiple consecutive time periods and are prohibited for long-term daily use. Rates are $.50 for 20 minutes. Faculty, staff and students may not park at delivery or visitor meters.

7.4 Other loading zones. Designated by signs. Restricted twenty-four (24) hours. Non-metered loading zones require a special permit, limited to 20 minutes, issued at traffic control booth or Parking & Transit office. Some have posted time limits, with possible issuance of multiple tickets each day.

7.5 Health Center patients should park at the meters in lot 117 and the northeast corner of lot 90 with any valid student parking permit/e-permit or one hour paid at meter. If patient receives ticket with valid permit displayed or paid meter, tickets may be turned in within ten (10) business days at point of service within Watkins Health Center for cancellation. Restricted all year.

9. PARKING LOT CLOSURES (PREEMPTION)
9.0 The Chancellor of the University of Kansas or their designated representative is authorized to create, modify, or preempt parking in controlled areas of the campus. Any such area shall be manually controlled or posted with signs stating the type of permit or restrictions pertaining to the use of the area.

9.1 Requests for parking lot preemptions must be submitted by departments in writing to the Chancellor, detailing the nature of the event, date(s), time(s), and parking lot(s) involved. If the preemption is approved, details on staffing, costs and signage will be determined by Parking & Transit.

9.2 Parking Lot Preemptions. During major events (e.g. commencement, football, basketball), certain parking lots will be preempted. In general, preemptions will only take place after 5 p.m. on weekdays or at any time on Saturday or Sunday. In all cases, notice will be given in the form of a sign at each entrance to all affected parking lots at least two (2) days in advance of the preemption.
